1 QUOTA: Where indicated these subjects have a quota so enrolment is restricted. Please check with the Academic Programs Office before enrolling in these particular subjects

2 TYPE: There are two specific types of subjects that the School offers: Standard (S) means the subject runs during a given semester on a weekly basis. Non-Standard (NS) means the subject is taken in an uninterrupted block/intensive (or small number of blocks) of time

3 DELIVERY: Subjects are delivered either by Classroom (C) or Distance (D) or both (C/D)

4 Biostatistics Collaboration of Australia (BCA) offer these subjects to students enrolled in their Courses only (PGCert/Dip and Masters of Biostatistics).

5 Master of Science – Epi [MSci(Epi)]: These subjects are only available to students enrolled in the Master of Science – Epidemiology.
